

San Quentin Prison
Game against the San Quentin Giants
Wednesday, July 2, 2003- Meet at East Gate at 4pm

Baseball Director is Kent Philpott.

July 2nd is a Wednesday, park down the hill about 4pm, "need to be at the gate at 4:15pm. Takes about 1/2 hour to get in, then we try to play as soon after that as we can. No blue jeans, uniforms okay any color. No electronics or cameras. Have the guys watch what they bring in their bags, one time a cop found a pipe. Thank you for this."

Players enter wearing their uniforms. Bags carried in have to be kept real simple with only one extra piece of clothing. The guards will remove excess items and store them in plastic bags at the front gate.

The open ballfield in the yard has been fixed up with the help of a donation from the musical group Metallica, and is in good condition. Right field is pretty short (280?) with a short fence. Visiting teams take practice until the home team shows up. Every once in a while a siren goes off and the other team kneels down, some sort of religious observation. Kneel down too.
